J. S. Stanifer Makes Great Business Move.

In today's issue of the Climax appears the ad. of J. S Stanifer's "Quick Action Sale," which came as a surprise, as the public thought he would not hold a sale until late summer and then sell his unseasonable goods. But he has come to the conclusion that he would give his many friends and customers a cut on his new, seasonable merchandise, which will be a treat to them.

Mr. Stanifer has the best-stocked establishment of its kind in this section, handling a very high grade line of men's and boys' clothing, shoes, furnishings and also carries the most complete line of the very best of ladies' shoes and of the latest styles. The clothing department for men and boys is separate and in another section of the building. Fans have been installed and they will keep the building cool and pleasant to do your shopping in, without suffering with the heat of these extremely hot days.

Mr. Stanifer is our most successful merchant and has been in business in Richmond for many years and is wellknown locally and throughout business circles. Numerous clerks have been en gaged and are arranging the stock so it can be handled with rapid dispatch on opening day.

Honor for Richmond Minister.

Hon. J. Tevis Cobb for Congress, If

If his health would permit, the Democrats of Madison would have long ago have called on Hon. J. Tevis Cobb to represent the Eighth Congressional District in Congress. A man of strong men tal power, an able and successful lawyer, equipped with a splendid education, thoroughly alive to the needs and best interest of the county, district, state and nation, actuated at all times by high principles. Mr. Cobb would be an honor to his district and a credit to his friends and to himself. If his health would permit. That little word of two letters "if" precludes the possibility of what might have been, what would certainly have taken place. Mr. Cobb has been, as is well known, in poor health for several years and while much improved at this time, he is not able to make the race and it would be unfair to most sincerely wish it were otherwise.

The revenue derived from the department last year amounted to \$266,619,525, while that of the British department is estimated for the present year at only \$105,000,000, France gets but \$80,000,000 from her post-offices, telegraphs and telephones, and Germany less than \$200,000,000 from the same

Approximately eighteen billion pieces of matter are carried through the United States mails every year. This is more than any other two nations in the world handle in the same length of time. Considering the enormous number of packages carried it is not at all remarkable that a few million letters go astray every year. It must be said to the credit of the Post-office Department that most of these letters fail of delivery for reasons which in no wise reflect upon the efficiency of the postal system. In fact the postmasters and their fellow officials accomplish wonders every day in the delivery of matter that is improperly or insufficiently addressed.

Everybody criticises the mail service now and then, including persons who never recive a dozen pieces of mail matter in their lives, The system has its faults, but it is a tremendously big affair and it is getting bigger all the time. The postal service follows the flag-and it reaches many places where the flag is seldom seen. It is not perfect but it is the biggest and best of its kind

Great Summer Bargains---and summer has just

The Summer Season is now here, and we find ourselves with quite some merchandise on hand that should have been sold long ago, in spite of the fact that we did the largest spring business in our history In order to convert this great stock into money, we have decided to hold a reduction sale that will make new history for our town. It's going to be an event that the public for miles around will be compelled to take advantage of. We want every family to share in the "good times." Never in the history of this town were there such opportunities of saving money. The "mark-down-man" has gone through the entire store with his keen-edged knife sharpened like a razor, and what he has done to prices will startle our readers. The stocks, new and fresh as they are must be closed out quickly, as the have been here longer than they should. There is no time to figure the cost to us. We cheerfully pocket our loss, feeling that by so doing we will make hundreds of new friends, besides clinching the confidence of our hundreds of old ones. Its better than putting your money in the bank to buy at this stupendous sale. You should get here as early as possible if you want choicest picking. It will be well worth your while, The savings are immense. A DOLLAR WILL BUY TWO DOLLARS WORTH AND MORE
